RESOLUTION OF THE MANAGEMENT OF THE INSTITUTO DE INVESTIGACIÓN SANITARIA DE CASTILLA-LA MANCHA (IDISCAM) | FUNDACIÓN DEL HOSPITAL NACIONAL DE PARAPLÉJICOS PARA LA INVESTIGACIÓN Y LA INTEGRACIÓN FOR THE HIRING OF RESEARCH PERSONNEL

Job title: Technical Specialist / Laboratory Technician (C1)

Number of positions to be filled: 1

Job reference: 2026_C1_PI2400447

Place of work: National Hospital for Paraplegics

Deadline for submission of applications: 10 business days from the day after the publication of the call for applications on the Fundación website.

In Toledo, on the date of the electronic signature

The Instituto de Investigación Sanitaria de Castilla-La Mancha (IDISCAM) | Fundación del Hospital Nacional de Parapléjicos para la Investigación y la Integración de Castilla-La Mancha, a non-profit entity, with its own legal personality, belonging to the Public Sector of the Junta de Comunidades de Castilla-La Mancha, and full capacity to act and under the tutelage of its Board of Trustees, whose objective is the management of means and resources at the service of the execution of clinical research programs and projects, basic or applied research, technological development and innovation in the field of Biomedicine and Health Sciences to contribute to the promotion and protection of the health of the population and to the progress and improvement of the National Health System, on the basis of the reasons of necessity set out in the following paragraph.

RESOLVES

To launch a competitive selection process for the recruitment of a Specialist Technician or Laboratory Technician (C1) within the NEUROIMMUNE-REPAIR Research Group at the National Hospital for Paraplegics in Toledo, under the competitive selection scheme of the Castilla-La Mancha Institute for Health Research (IDISCAM) | National Hospital for Paraplegics Foundation, funded under the research programme “search for biomarkers predictive of disease progression,

treatment failure and remyelination in multiple sclerosis" and from the funds available under the project: Myeloid suppressor cells as a biomarker of endogenous remyelination capacity in multiple sclerosis (PI24/00447) (PN00281), whose Principal Investigator is Dr Diego Clemente López, and through a merit-based selection process involving an interview, as set out in these terms and conditions.

The selection system shall respect the principles of publicity, merit, capacity and free competition of candidates, as well as the principles of speed and efficiency, and shall guarantee, at all times, the transparency of the selection process.

1. TERMS OF THE EMPLOYMENT CONTRACT:

- **Legal Regime**: Contracting under labor law.
- **Contract type**: Fixed-term contract due to a replacement.
- **Trial period:** 3 months.
- **Workday:** 35 h/week.
- **Work location:** National Hospital for Paraplegics, Toledo.
- **Gross remuneration:** 1.525 euros gross/month (pro-rated extraordinary payments).

The conclusion of the contract will be subject to compliance by the selected person with the requirements demanded by current labor legislation. In case of non-compliance with the requirements, the next person with the highest score will be contacted.

2. FUNCTIONS:

The successful candidate will join the NEUROIMMUNE REPAIR Group at the National Hospital for Paraplegics.

The main duties and tasks to be carried out as part of the research project will include, amongst others:

- Development, evaluation and monitoring of the animal model of MS, EAE.
- Preparation of samples for immunological analysis by flow cytometry of the

myeloid/lymphoid component in peripheral immune organs of mice.

- Preparation of samples for immunological analysis by flow cytometry of the myeloid/lymphoid component in human peripheral blood.
- Collection, preparation and handling of murine central nervous system samples for histopathological studies.
- Collection, preparation and handling of human central nervous system samples for
- histopathological studies.
- Culturing of human and murine immune cells. Studies of cell proliferation, co-culture and immunosuppression.
- Operation of FACS Canto and Cytoflex flow cytometers.
- Collection, isolation, characterisation and functional studies of extracellular vesicles derived from human and mouse immune cells.
- Protein quantification using microBCA/BCA. Performing Western blots.
- Preparation of buffers, as well as the general organisation of a research laboratory. Organisation of orders, stock management and forecasting.

3. REQUIREMENTS TO PARTICIPATE IN THE CALL FOR APPLICATIONS

General requirements:

- Have Spanish nationality, a work permit, or any other nationality that allows access to public sector employment. In case of not having this nationality and being selected, the contract will not be formalized until the corresponding documentation is in order. If this procedure is not completed within the period established by the IDISCAM | Fundación Management, the selected person will not be hired. In this case, the position will remain vacant or the next person with the highest score will be hired.
- Have the functional capacity necessary to performance the tasks or functions corresponding to the position for which the call is made.
- Be at least 16 years old and not exceed, where applicable, the maximum age of compulsory retirement or such other age as may be established by law.
- Not to have been separated, by means of disciplinary proceedings, from the service of any of the Public Administrations or constitutional or statutory bodies of the Autonomous Communities, nor to be in absolute or special disqualification for public

employment or positions by judicial resolution, for access to the body or scale of civil servant, or to perform similar functions to those performed in the case of labor personnel, in which he/she had been separated or disqualified. In the case of being a national of another State, not being disqualified or in an equivalent situation or having been subjected to disciplinary or equivalent sanction that prevents, in his State, in the same terms the access to the public employee.

- Not having been dismissed disciplinarily or by virtue of an objective dismissal from the Instituto de Investigación Sanitaria de Castilla-La Mancha (IDISCAM)| Fundación del Hospital Nacional de Parapléjicos, except if the same has been declared null and void or unjustified. Exclusion will not be made if more than three years have elapsed from the date of dismissal to the date of publication of the terms and conditions of the call for applications.
- Comply with the contractual requirements in accordance with current legislation on work permits or any other that replaces it.
- Not having had an employment relationship with the Instituto de Investigación Sanitaria de Castilla-La Mancha (IDISCAM) | Fundación del Hospital Nacional de Parapléjicos terminated in the three years prior to the date of publication of this call for employment due to failure to pass the probationary period.

Requirements of the position offered:

Qualification: Higher Technical Diploma in Clinical and Biomedical Laboratory Science, Pathological Anatomy and Cytodiagnosis or related fields (MECES Level 1).

Supplementary Qualification:

- Training course in animal experimentation for the performance of the following tasks:
  a) Animal care
  b) Euthanasia of animals
  c) Carrying out procedures

  Training accredited by the relevant certificate.

- A minimum level of English equivalent to B2 on the Common European Framework of

Reference for Languages (CEFR), as evidenced by an official qualification or certificate.

Any application that does not include supporting documentation of the fulfillment of the requirements will not be considered. The original documentation will be required only from the selected person.

Candidates who do not meet the general requirements and those of the position offered at the date of the deadline for submission of applications will not be considered.
Candidates with degrees obtained abroad must prove that they are in possession of the corresponding homologation credential or the corresponding certificate of equivalence.

4. PRESENTATION OF APPLICATIONS:

Persons wishing to participate in the selective process must submit the following documentation in a **single file** through the Fundación website in the section corresponding to the job posting:

https://fhnp.es/ofertas-de-empleo/

- Cover letter (express mention of the reference of the offer).
- Curriculum Vitae of the candidate (include cell phone number and contact e-mail).
- Academic qualification. Must hold the degree required in the specific requirements of the call, or provide a receipt evidencing payment of the fees for its issuance, which will be accepted as the only valid supporting document in addition to the official degree.
- Photocopy of the D.N.I. or legally accredited document.
- Report of labor life issued by the Social Security, as well as the contracts where the developed position appears or, alternatively, certificate of functions of the company that accredits the minimum professional experience required, as well as any experience that will be valued as additional merits.
- Documentation accrediting the merits described in the merit rating.
- If applicable, supporting documentation of functional diversity equal to or greater than 33%.

The merits presented must be possessed on the date of the deadline for the presentation of applications and must be accredited in order to be valued. No merit that has not been accredited

with the contribution of the corresponding documentation within the established term will be evaluated.

Participation in the selection process implies the acceptance of these rules by the candidate.

The candidate will be bound to the data included in the application, thus recognizing the truthfulness and accuracy of the documentation submitted in the application. Any falsification of documents or merits will lead to automatic expulsion from the process.

5. EVALUATION TRIBUNAL:

The Evaluation Tribunal will be composed of:

- Presidency: IP/Service Manager
- Vocal: Member of the reception group
- Secretariat: IDISCAM | Fundación Human Resources

6. SELECTIVE PROCESS

The selection process will consist of two phases:

- **1st Phase: Evaluation of merits (6 points):** in this phase an evaluation of the merits and the requirements established in the call will be carried out by the Tribunal.

Professional merits related to the functions or activity to be carried out (3 points)	**Maximum score per item**
Professional experience in research laboratory work on diseases of the nervous system, particularly multiple sclerosis but not limited to this: animal models, cell cultures, isolation of PBMCs, human or murine neuropathology studies, and the handling, characterisation and isolation of EVs, as evidenced by a certificate detailing the services and duties performed at the organisation or group where the work was carried out.	Up to 3 points
Training merits (2 points)	**Maximum score per item**
Training in sample preparation for flow cytometry, accredited by a certificate or qualification.	Up to 1 point
Training in the handling of laboratory animals, accredited by a certificate or qualification.	Up to 0,40 points
Knowledge of sample preparation for human or murine histology, evidenced by a certificate or qualification.	Up to 0,30 points

Knowledge of sample preparation for molecular biology techniques and cell culture, evidenced by a certificate or qualification.	Up to 0,30 points
Special assessment (1 point)	**Maximum score per section**
Disability equal to or greater than 33%	0.5 points
Victim of gender violence	0.5 points
Over 40 long-term unemployed in the last 5 years	0.05 points for each month of seniority up to a maximum of 1 point.

**The valuation of professional experience will be reduced proportionally in the case of services rendered on a part-time basis. The same period of experience may not be valued in more than one section.*

***The valuations will be made according to the merits accredited in accordance with the Annex I.*

- **2nd Phase: Personal interview** (4 points): Candidates who have obtained at least 4 points in the 1st Phase will be summoned to a personal interview with the Tribunal, which may be conducted in person or online. This interview will deal with the requirements established in the call for applications.

Interview	**Maximum score per section**
Result of the interview	4 points

In the event of a tie among the candidates, the following order will be followed:

1º The candidate who has obtained the highest score in the merit sections.

2º In case of continuing and that the persons were of different sex, the tie will be resolved in favor of the sex that is underrepresented within the company.

The resolution of this call for the hiring of personnel is subject to prior authorization by the Ministry of Finance and Public Administrations of the Regional Government of Castilla-La

Mancha.

The recruitment of research/technical personnel carried out by the IDISCAM | Fundación will follow the principles of the OTMR policy established in the European Charter for Researchers: Transparent, open and merit-based recruitment. (Available at: https://hnparaplejicos.sanidad.castillalamancha.es/es/fundacion-hnp/hrs4r).

The recruitment of research/technical personnel carried out by the IDISCAM | Fundación is in accordance with the Equality Plan of the entity (Available at: https://hnparaplejicos.sanidad.castillalamancha.es/es/fundacion-hnp/plan-de-igualdad).

The IDISCAM | Fundación, for duly motivated reasons of interest to the entity, may withdraw at any time from the resolution of this call.

7. RESOLUTION OF THE CALL FOR APPLICATIONS

After the interview, the evaluating Tribunal will draw up the minutes together with the scale annex and will proceed to sign the same.

The minutes together with the scale will be sent to the Management of the IDISCAM | Fundación who will issue the resolution of the awarding of the position, which will be published on the Fundación website.

The Human Resources Department of the IDISCAM | Fundación will contact the candidates to inform them of the result of the selection process within a maximum period of 5 business days from the publication of the resolution.

The person selected for the position will have a period of three business days from the next business day following the date of publication of the resolution to accept or reject the position.

The call for applications may be declared void if the evaluation committee considers that none of the candidates meets the requirements of the position.

Before formalizing the contract, the IDISCAM | Fundación will check that the candidate has not

exceeded the limits for temporary hiring provided for in Article 15 of Royal Legislative Decree 2/2015, of October 23, which approves the revised text of the Law of the Statute of Workers.

If, once the employment contract has been formalized, the person hired under these conditions causes voluntary resignation, does not pass the probationary period, is in a situation of temporary disability, leave of absence or any similar situation, he/she may be replaced by the next substitute in the resolution, in order of priority according to the final score obtained in the assessment resulting from the call, if he/she can prove that he/she meets the requirements of the call and complies with the applicable regulations.

The contract will be formalized in writing, and the most appropriate contractual modality for the purpose of the contract will be used, from among those in force at the time of its formalization. The start date will be established in the contracting proposal, depending on the needs of the projects and provided that it is administratively feasible.

Contracts may be terminated for any of the reasons set forth in the Workers' Statute, or in other applicable legislation, and also those set forth in the contract itself, among which the following shall be established: a) Completion or exhaustion of the budget appropriation, b) Completion of the tasks assigned to the employee's position within the project/unit and c) Completion of the project.

The gross salary of this job offer has been established through the salary table established by the IDISCAM | Fundación or in the salary table of the call for proposals that subsidizes the contract.

8. ADVERTISING FINANCING

Proyecto PI24/00447 financiado por el Instituto de Salud Carlos III (ISCIII) y Cofinanciado por la Unión Europea.

9. COMPLAINTS AND/OR APPEALS

Within three business days, candidates may present possible complaints or claims after the communication of the finalization of the selection process, which will be dealt with within 15 business days.

The social jurisdictional order is competent to resolve disputes arising from these bases, in accordance with Law 36/2011, of October 10, 2011, regulating the social jurisdiction, without the possibility of filing any other appeal in administrative proceedings or any claim prior to the social judicial proceedings.

10. DATA PROTECTION

All applications received in connection with job offers will be processed by the IDISCAM |Fundación for the purpose of selecting the most suitable candidate and in compliance with the public interest (art 6.1 e of EU regulation 2016/679) which provides for the legally established transfer of data to public control bodies, audits and other public bodies; and the right of the applicant to request access, rectify and cancel data from their application when they consider by contacting the contact address of the offer. By submitting an application, the interested party gives his/her consent to the processing of his/her personal data for participating in the selection process and for sending/receiving communications related to the same.

The purpose of the data processing is the management of the candidacy, carrying out the selective process and any other derived from the selective process.

Interested persons may exercise their right of access, rectification, deletion, limitation and opposition by means of a written request, accompanied by a photocopy of the ID card or equivalent document, by e-mail to rrhh@idiscam.es indicating in the subject DATA PROTECTION SELECTIVE PROCESS.

Director de la Fundación

ANNEX I. ACCREDITATION OF MERITS

Time of service worked: the accreditation of the time of service worked will be made with the presentation of the certificate of labor life of the General Treasury of the Social Security. In order to accredit that the services have been rendered in positions with analogous functions, a certificate of functions issued by the hiring company or, failing that, the employment contract if it includes such functions, together with the indication of the professional category, must be submitted.

Internships: the accreditation of internships will be done through a certificate from the institution indicating the number of hours and functions performed.

University Degrees: the accreditation of degrees, bachelor's degrees, master's degrees or doctorates will be done through the presentation of the official degree.

Courses: the accreditation of courses will be done through the presentation of the certification issued by the entity where the course was given. Said certification must state the number of teaching hours of the course.

Publications: Publications shall be verified by including them in the CV with the full bibliographic reference and, where available, the DOI, PMID or other identifier that allows them to be consulted and verified in public databases. It will not be necessary to provide a copy of the article where the authorship and bibliographic details can be verified by these means. For publications not available via open access, a PDF of the article must be provided where publicly available information does not allow the claimed merit to be adequately verified.

Languages: the accreditation of languages will be done through the official certificates issued.

Functional diversity or special conditions: supporting documentation.

Accreditation of knowledge: certificate issued by the company or entity where such knowledge was acquired.
